- **Starting May 2:** [Free Classes for Parents & Guardians](#)
- **May 5:** [HoCo Student Film Festival](#)

Who Has the Most Influence on HoCo Kids?

During a recent discussion with the students in [HC DrugFree's Spring 2023 Life Skills class](#), we asked “What do you think influences your decisions the most?” The majority of the students responded that THEIR PARENTS provided the most influence on their decisions.

So, HoCo Parents, remember: Your kids look up to you and they ARE listening even if it doesn't always feel like it.

Our Popular Free Parenting Class is Back by Popular Demand

Guiding Good Choices Free Parenting Classes

Since HoCo students say that parents influence their behavior and decisions, now is a great time for **HoCo Parents, Grandparents and Guardians** to participate in Guiding Good Choices, a FREE parenting class provided by HC DrugFree.

In Guiding Good Choices you'll learn:

- How to encourage your child to adopt healthy attitudes and behaviors
- How to communicate more effectively
- How to build a relationship of trust
- and much more!

Register now for HC DrugFree's Parenting Classes, which will be held Tuesdays, May 2, 9, 16, 23, and 30 from 6:30 p.m. – 8 p.m.via Zoom. For more information, visit our [website](#).

Funding provided by the Howard County Health Department, MDH and SAMHSA.

Tell Us YOUR Story

National Drug & Alcohol Facts Week is March 20-26. The purpose of this event is to improve prevention, awareness, and

education about substance misuse by having conversations about how addiction affects us all.

We each have a unique reason for why we care about drug and alcohol related issues. This National Drug & Alcohol facts week, HC DrugFree wants to share your WHY. But only you can tell your story.

Use this **anonymous** form to share your thoughts about substance misuse prevention. Why do these issues matter to you? What do these topics mean to you personally and/or to the community around you?

If you're stuck, here are some suggested questions to consider:

Why is preventing drug use important for our community?

What can you do to support a friend or loved one with a substance use disorder?

Why do you choose not to use drugs or alcohol?

Youth and adults are welcome to participate.

Tell us your WHY here: <https://bit.ly/MyWhyNDAFW>

Don't Rely on Luck

St. Paddy's Day is almost here. Please celebrate responsibly. Make a plan and don't rely on luck to get you home.

- St. Patrick's Day is one of the deadliest times on U.S. roads; during the 2016-2020 2-day holiday period, 287 lives were lost in drunk-driving crashes
- Arrange for a sober driver or a rideshare service if you're going to consume alcohol; invite friends to stay over if you're hosting a party at home
- A first-time drunk driving offense can cost the you upwards of \$10,000 in fines and legal fees
- On St. Patrick's Day beer sales increase 174% and spirit sales increase 153%

HoCo Student Film Festival

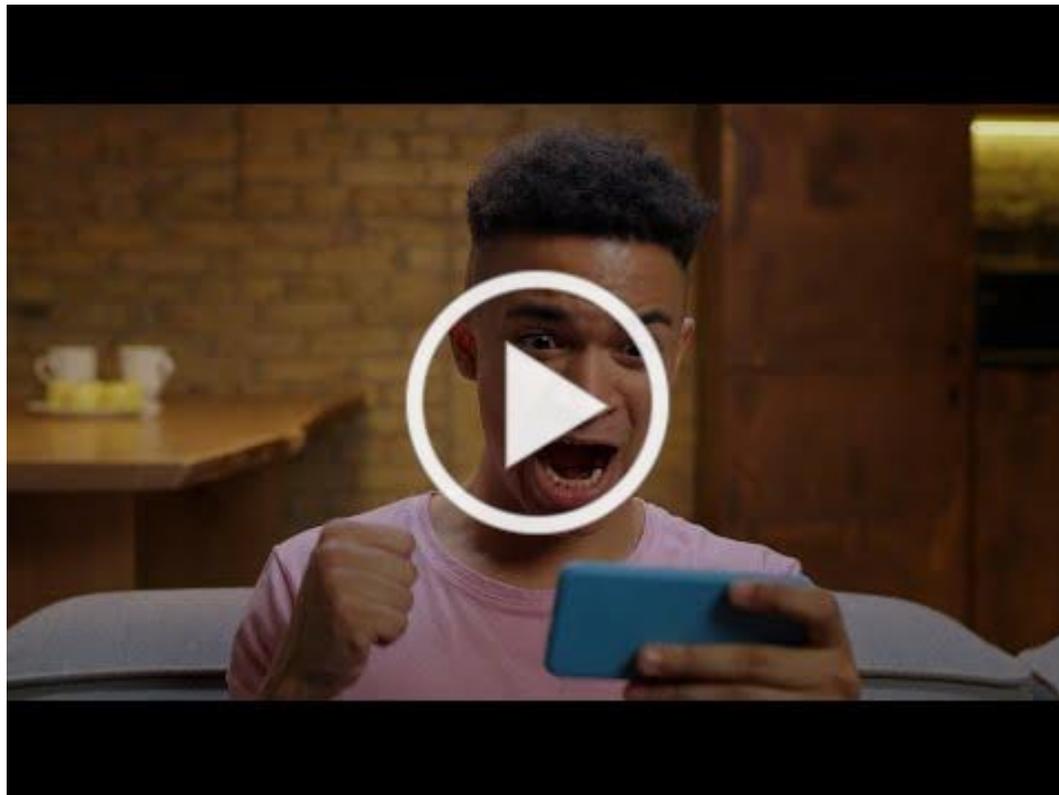

The 19th Annual HoCo Student Film Festival will be held on Friday, May 5 at the Miller Library in Ellicott City.

HC DrugFree is sponsoring a PSA category with the theme of KNOW: Kids Nurturing Others Wisely. This category was chosen to showcase ways that teens can encourage one another through mental health challenges, dealing with peer pressure, and most of all, how to avoid substance (drugs, alcohol, nicotine) misuse.

The deadline to submit films is Tuesday April 11, so it's time to say ACTION! [Learn more](#)

Are you Addicted to Sports Betting?

March is Problem Gambling Awareness Month, which is why we would like to spotlight the work of The Maryland Center of Excellence on Problem Gambling at the University of Maryland School of Medicine with funding from the Maryland Department of Health's Behavioral Health Administration.

As online and mobile sports betting becomes legal in more states around the country, problem gambling centers are receiving calls for help. At the University of Maryland Center of Excellence on Problem Gambling, you can get counseling and a referral for treatment.

In the Know about Gaming Addiction

The advertisement features a background image of a person's hands holding a smartphone displaying a colorful slot machine game. The text is overlaid on this image. At the top, the logo for HC DrugFree is displayed, with the tagline 'Empowering the Community'. Below the logo, the text 'In the KNOW...' is written in a large, yellow, serif font. Underneath that, the words 'Gaming Addiction' are written in a large, bold, yellow, sans-serif font. At the bottom of the advertisement, the website address 'hcdrugfree.org/gaming' is written in a white, sans-serif font.

At the recommendation of HC DrugFree's Teen Advisory Council, we made some important updates and clarifications on our Gaming Addiction page.

While the focus remains on Gaming Addiction (or Gaming Disorder) and how to manage unhealthy gaming habits, our resource is also intended to educate about gaming, as a whole. [Learn more](#)

Why Does Proper Medication Disposal Matter?

SAY NO!

to Drugs in the Environment

PIPES AND PILLS DON'T MIX

The toilet is not a trash can

Drugs that are flushed down the toilet may pass through sewage treatment plants and septic tanks. These substances are released into waterways with the wastewater which can lead to adjacent soil and groundwater. Septic tanks systems may release the pharmaceuticals directly into the soil and eventually into groundwater. [Proper disposal of drugs](#) is a straight-forward way for individuals to prevent pollution.

You can make a difference

Children, pets or scavenging animals could find the medication and ingest it. Drugs could be scavenged and illegally sold. Take action to minimize the threat of accidental poisoning or drug abuse. Let's take precautions now to avoid harm to future generations and the environment.
